NOVA
INDUSTRIAL

QUIENES SOMOS

PlastiNova es una empresa 100% hondureña que comenzó sus operaciones en el mes de Febrero del año 2008, con el objetivo de ser para nuestros clientes, más que un proveedor un socio confiable.

Ofrecemos soluciones de empaque flexible principalmente a la industria alimenticia, agroindustrial y textil, también contamos con una división de empaque de sacos tejidos de polipropileno para atender diferentes industrias.

Somos una empresa dinámica e innovadora, lo que nos ha permitido un rápido crecimiento, captando la confianza de empresas líderes a nivel centroamericano y Estados Unidos.

Pertenecemos al grupo industrial plástico mas grande a nivel nacional, POLYGROUP.

ABOUT US

PlastiNova is a 100% Honduran company that began its operations in February 2008, with the aim of being for our clients, not just a supplier, but also a reliable partner.

We offer flexible packaging solutions mainly for food, agro-industrial and textile industries. We also have a woven polypropylene bags division to serve diverse industries.

We are a dynamic, innovating and visionary company, which has allowed us to have a substantial growth in the industry, obtaining the trust of leading companies in Central America and the United States.

We belong to the well-known nationwide largest plastic industrial group known as POLYGROUP.

FLEXIBLE PACKAGING

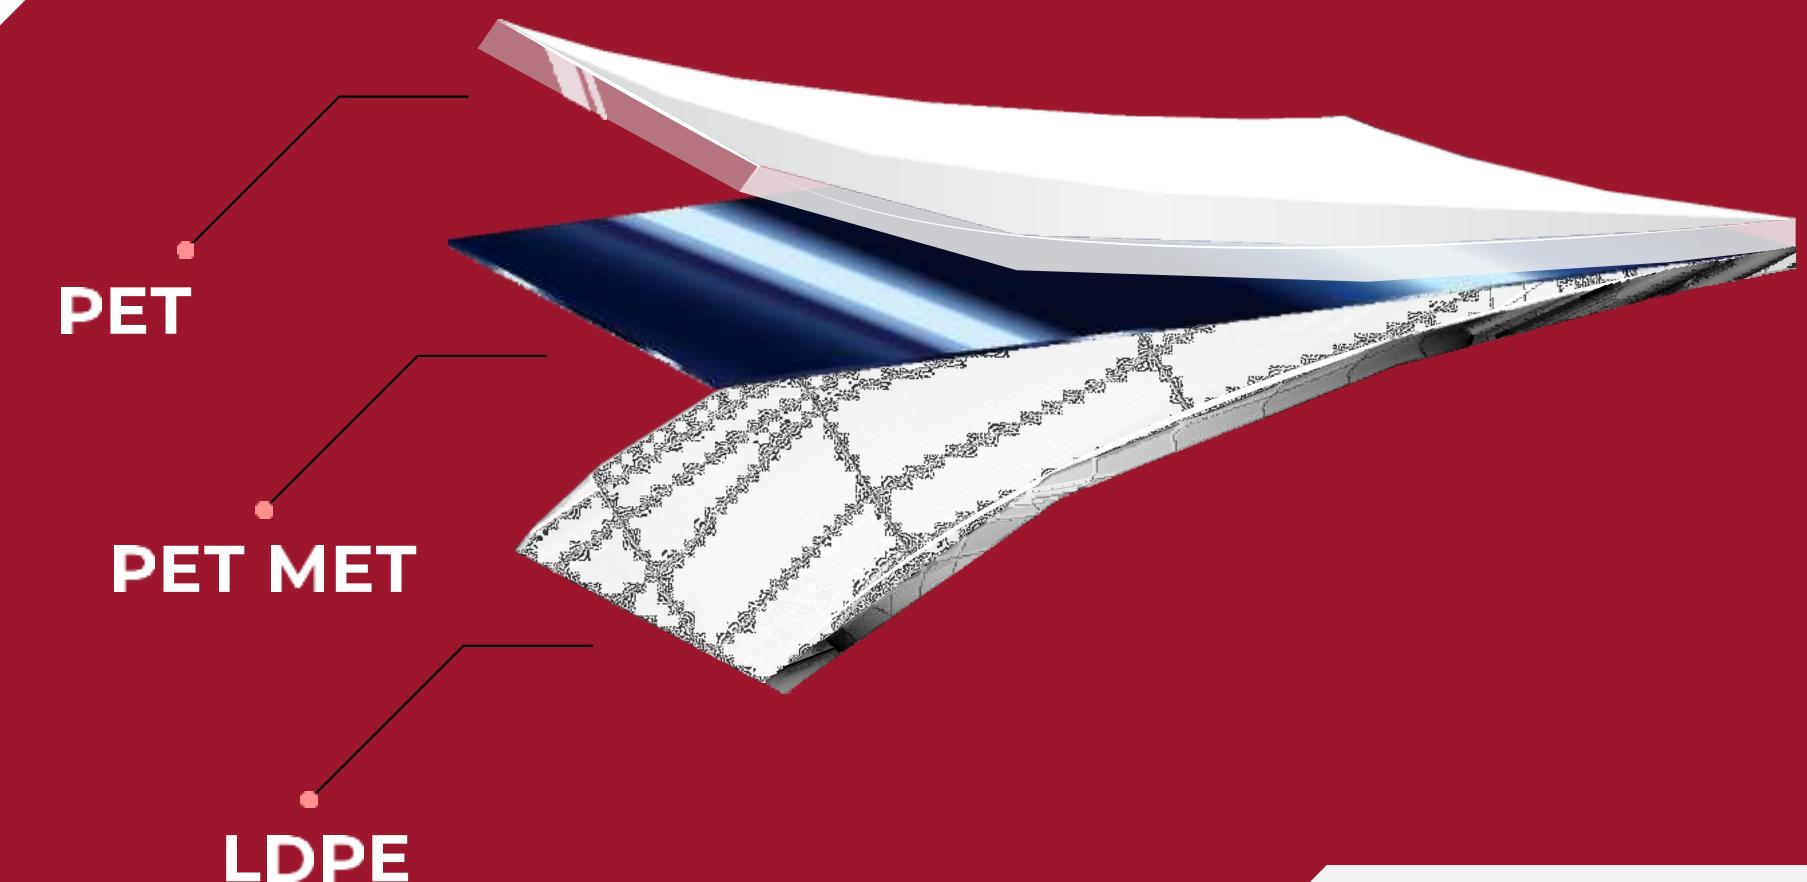

MATERIALS

- ▶ LDPE ▶ CPP ▶ BOPP
- ▶ HDPE ▶ PET
- ▶ PCR (Post Consume Recycled)

STRUCTURES

We have a solventless lamination process that allow us to manufacture structures with different combinations of materials to achieve barrier, seal or resistance requirements.

POLYBAGS FOR GARMENT INDUSTRY

We manufacture packaging for the textile industry for different applications such as:
